

Growth Committee Meeting

Security

Timothy “Tim” Mallory

Before Not After

How CCPS Should Address

- New School Designs and Renovations
- The Chesterfield County Police Crime Prevention and Security Coordinator to be involved in the beginning of development.
- Identify Architects that are trained in Crime Prevention Through Environmental Design (CPTED)

School Facilities

- Access Control Technology
- Visitor Management Technology
- Closed Circuit Television –
Integrated/Layered Security Technology
- Two-way communications

Maintenance

- Priorities on security related repairs.
- Upgrade and replacement of security technology.
- Staff dedicated to service security technology.

Emergency Management Training

- Annual Review of Crisis Procedures
- Annual Training of Staff
- National Incident Management System (NIMS) Compliance, IS Courses

Planning and Funding

- CCPS Security Initiative is in its infancy.
- Security Department must have fiscal support.
- Budget to attract, prepare, equip and train school security officers.

Challenges

- We build more schools, we are faced with more places to experience incidents.
- Attracting Security Officers
- Expanding duties and responsibilities

Making Changes, Not Taking Chances

- Convenience vs. Safety/Security
- Community Support for School Security
